

Get Involved In Governance

We're looking for people who:

Are practising Catholics who believe in inclusive, values-led education?

Want to support children and young people to flourish.

Are committed to thoughtful leadership and collaboration.

Foundation Governors help keep our schools rooted in Catholic values while supporting every child to thrive. Practising Catholics with professional skills and life experience are invited to serve on governing boards across the St Teresa of Calcutta family of schools—using their talents and faith to make an impact.

Could You Be a Foundation Governor at Mount St Joseph?

Do you care about Catholic education and the mission of our Church? We're looking for committed Catholics who value learning, community, and faith—and who want to help guide and protect the Catholic character of our schools.

What's the Commitment?

- Four governance meetings per academic year – focused, purposeful, and impactful.
- Involvement in panels.
- Initial and ongoing training – you'll be fully supported by our Trust Governance Team every step of the way.
- Active involvement in the life of the school – from celebrating liturgies to championing the Catholic ethos in all aspects of school life.
